MIX2GO

POWER ME UP!

- To **power on**, press the power button located on the side of the MIX2GO.

- To **charge** the MIX2GO's battery, plug the included power cable into the port below the power switch.

- To **check your battery level**, look at the power level indicator found on the opposite side of the power switch and charging port.

SHOW OFF WITH ME!

- To **turn on the LEDs**, use the LED PANEL switch above the battery level indicator.

- Now you'll see the MIX2GO's amazing LED panel across the front.

- To **change the LED pattern***, press the LED MODE button on the side of the MIX2GO.

*Some LED patterns require music to be playing to see.

STREAM WITH ME WITH BLUETOOTH!

- First, set the **"INPUT VOL"** knob and **"MASTER"** fader to the middle. Adjust these settings to your preference once your music begins to stream.

- To stream music via Bluetooth*, **press and hold the BLUETOOTH button for about 4 seconds** to activate Bluetooth connectivity.

- Open your device's Bluetooth settings and **connect to the device called "Gemini MIX2GO"**.

- When your device connects to the MIX2GO, **you'll hear a tone indicating you're connected**. Now you're ready to stream your favorite music!

*Streaming only; DJ functions not available.
